THE SMART THERMOSTAT WITH A SMARTER CONNECTION

Introducing the Carrier Smart Thermostat

Residential contractors need a reliable smart thermostat that's cost effective, meets homeowner needs, and quickly drives connectivity. The Carrier Smart Thermostat checks all those boxes. Built to offer a smartphone feel to the consumer, this 24V programmable thermostat via the Carrier Home app, is compatible with Smart Assistants and provides an intuitive user experience.

For the contractor, our thermostat offers an affordable price point and ease of installation and service. The Carrier Smart Thermostat is built for simple wiring and installation, and the Carrier Service Tech app allows technicians to easily connect, configure, and test the thermostat – making it the ideal choice for homeowners and contractors alike.

Model TSTATCCEWF-01

SLEEK DESIGN. AMAZING FEATURES.

Not only is the Carrier Smart Thermostat built for looks, but it's also designed with features that make it a smart choice.

Carrier Smart Thermostat Features

Homeowner Benefits

Offering homeowners the Carrier Smart Thermostat is good business. That's because this thermostat provides all the benefits that homeowners are looking for at a reasonable cost.

CONNECT WITH EASE

The Carrier Home app with guided setup makes a fast and easy connection to your Smart Thermostat.

EXPERT INSTALLATION

When installed by a Carrier comfort expert, your Smart Thermostat has been set to ensure optimal system operation.

PERSONALIZED COMFORT

Set daily comfort schedules and adjust home temperatures from anywhere using the Carrier Home app.

SMART HOME READY

Scan the QR code on the back of your Smart Thermostat to connect with most smart home systems.

VISUAL CUE AT STARTUP

Confirm system startup with just a glance – heating, cooling and fan operation are signaled by an illuminated LED border around the screen.

MAGNETIC APPEAL

Snap your Smart Thermostat in place with ease and enjoy the sleek, minimalist, patent-pending design.
